

# Business Seminar

## 20 October 2023

### Hyatt Regency Bellevue

## **NEW in 2023!**

We know that our members are hungry for knowledge about how to start, grow, market, plan for, and improve their practices. We also know that many of the companies we partner with have some contributions to make to these conversations. We want to create an event that brings YOUR expertise to OUR members through a one-day seminar on practice management and business development.

We will host an exhibitor hall to maximize your exposure to our attendees, and we invite you to display business materials and interact with our guests there. We also welcome your involvement in a post-event social hour to further the relationships you build during the day. We want to show you off in a way that helps long-lasting relationships develop and mutual benefit to occur.

### **Exhibitor Booth - \$1,000\***

All paying exhibitors receive complimentary access to the event and a booth/table in our Exhibitor Hall. Exhibitors will also be listed in our event app to whatever extent we utilize that. We will feature all Exhibitors in all of our event communications and advertising to ensure that our community members know that you support them!

\*WANP Corporate Partners receive 25% off this pricing.
